

# How to embed a Google Slides presentation in a blog post or page

### Part 1: Get the embed code

### **Open your Slides presentation**

Find your presentation in your Google Drive. Double click on the presentation to open it.

### Publish to the web

- Go to File > Publish to the web.
- Click on Embed. Customize your settings (optional).
- Click Publish.
- A pop-up box will confirm you want to publish. Press OK.

### Copy the embed code

Your HTML embed code will appear in a box.

You need to copy this code to add it to your blog post or page (Control/Command C)

Link	Embed	
lide size:	Auto-advance slides:	
Medium (1280x749)	every 3 seconds (default) 👻	
Start slideshow as s	oon as the player loads	
Restart the slidesho	w after the last slide

## Part 2: Add the embed code to your blog post (or page)

### Open your blog post (or page)

Go to your blog dashboard and open the post you're working on. Or, go to **Posts** > **Add New**.

### Add Media

Place your cursor where you want the Slides presentation to appear and then click on the **Add Media** button.
