How to embed a Google Drawing in a blog post or page

Part 1: Get the embed code

1. Open your Google Drawing
   Find your Drawing in your Google Drive. Double click on the Drawing to open it.

2. Publish to the web
   - Go to File > Publish to the web.
   - Click on Embed. Select the Drawing size.
   - Click Publish.
   - A pop-up box will confirm you want to publish. Press OK.

3. Copy the embed code
   Your HTML embed code will appear in a box.
   You need to copy this code to add it to your blog post or page (Control/Command C).

Part 2: Add the embed code to your blog post (or page)

1. **Open your blog post (or page)**
   Go to your blog dashboard and open the post you’re working on. Or, go to Posts > Add New.

2. **Add Media**
   Place your cursor where you want the Google Drawing to appear and then click on the Add Media button.

3. **Insert Embed Code**
   - In the Add Media window, click on the Insert Embed Code tab on the left.
   - **Paste** the embed code into the Insert Embed code box (Control/Command V). Press Insert Into Post.

4. **Publish**
   When you’ve finished writing your post, click Publish. You should now see your embedded Google Drawing when you view the published post. You can also preview your post before publishing to see what it will look like.
