

# 10 Tips for Filming a Piece to Camera Using a Phone or Tablet

## LIGHTING

Face a window  
or add lamps.

## AUDIO

Add an external  
mic if possible.

## TRIPOD

Keep your  
device steady.

## LOCATION

Find a quiet spot and  
simple background.

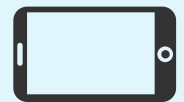

## LENS

Wipe your lens  
before you start.

## HORIZONTAL

Turn your phone  
sideways.

## HEIGHT

Raise your device  
to eye level.

## CAMERA

Switch the camera so  
you can see yourself.

## EYE CONTACT

Look at the tiny  
camera hole. Smile!

## RECORD

Aim for a natural  
approach.
